Dear Mr. Elliott

Your letter of September 27, 2011 to Dr. Vickie Reed, Superintendent of Murray County Schools, has been referred to me. While we disagree with your legal position and deny any Constitutional violations, we have been advised by the Gideon's that their organization will no longer be making Bibles available at information tables in our schools. As such, the concerns raised in your letter have been rendered moot.

Should you have any additional concerns, please do not hesitate to contact me on behalf of the Murray County School District.

Sincerely

A handwritten signature in blue ink, appearing to read "Mike Tuck".
