September 28, 2011

Dear Mr. Elliott

My name is John Eaton I am the new superintendent at the Norwood R-1 School district. I am writing in response to your letter. It is my understanding from my predecessor that in the past the Gideon's would set up on the public street by the school, not on school property. However I will write the local Gideon's a letter making sure they understand that they cannot be on school property nor can they try to distribute religious literature during school hours. This matter is being taken seriously, thank you for your concern.

Sincerely,

John Eaton
