Re: "Three Angels Haiti"

Dear Mr. Line:

I am in receipt of your December 7, 2023 correspondence in which you bring to the Castaic Union School District's ("District") attention concerns related to a fundraising initiative organized by a teacher at Castaic Middle School ("CMS").

The District has looked into the concerns raised in your correspondence and will be taking the following corrective actions. The District will immediately end the fundraising initiative related to ThreeAngelsHaiti.org. No such further efforts will be made. No further requests for donating to this charity will be made. Moreover, any funds collected will not be distributed to the Three Angels organization. In addition, the District will remind its staff at CMS of the provisions of Education Code sections 51520 and any related Board Policies. It will also take steps to ensure that moving forward that fundraisers District-wide are approved by administration in advance of requests for donations.

The District thanks you for bringing this concern to our attention and your professionalism and cooperation. We trust that this correspondence addresses your concerns.

Sincerely,

Bob Brauneisen

Superintendent
