

# IT COULD HAPPEN HERE IT *is* Happening HERE

*Roe v. Wade* is in grave peril. Many years ago, Supreme Court Justice Harry Blackmun warned that the judicial stage had been set for an abortion ban that would “cast in darkness the hope of every woman in this country.” Blackmun was prescient.

Emboldened Christian nationalists in state governments have ramped up their relentless, religiously motivated war on abortion. Our federal judiciary has been stacked with Trump-appointed extremists.

The Supreme Court majority ominously signaled its stunning hostility to reproductive rights by cruelly refusing to block the draconian ban on abortion in Texas. It has also agreed to review an unconstitutional Mississippi ban. Congress must act now to pass the Women’s Health Protection Act guaranteeing the right to access of abortion throughout the United States.

Don’t let narrow-minded theocrats destroy women’s rights, women’s lives, our secular laws, the Constitution and the nation. The battle for full equality and reproductive liberty will never be won until the root cause of the denial of those rights — religion and its control over our government — is ended. Join FFRF in defending the treasured constitutional principle of separation between state and church, and in our call for court reform.
