

On this 233rd anniversary of the adoption of the Constitution . . .

Celebrate & Preserve OUR GODLESS CONSTITUTION

The United States was first among nations to adopt an entirely secular Constitution, placing sovereignty not in a divinity, but in ‘We the People.’

The precious principle of separation between religion and government has never been under greater assault by a hostile judiciary and Christian nationalists. Modern-day theocrats are conspiring to turn the lovely concept of “religious liberty” into a license to discriminate — a weapon to inflict their dogma on others by law. They are working to defund our public schools and force all Americans to financially support their religiously-segregated schools.

‘Unless religion is kept in its place, all personal rights will be in jeopardy.’
— Anne Gaylor, FFRF principal founder

Help the Freedom From Religion Foundation ensure that *true* religious liberty, reason and our secular Constitution will prevail.
