

IT COULD HAPPEN HERE

IT *is* Happening HERE

Roe v. Wade and the right to privacy are in grave peril. Emboldened Christian Nationalists are ramping up their relentless, religiously motivated war on reproductive rights.

Organized opposition to abortion and contraceptive rights is *exclusively religious* in nature. The claim that human personhood starts at conception is a matter of *faith, not fact*, and is based on the unscientific, religious concept of “ensoulment.” Most Americans reject such views. Legislating anti-abortion *faith* is as un-American as passing a law that all citizens must attend a particular church. Yet fundamentalist Protestant and Roman Catholic zealots are ruthlessly trying to inflict their punitive religious views upon the rest of us.

Inspired by the Genesis view of sex as shameful, women as sinners and pregnancy as punishment (“in sorrow thou shalt bring forth children”), patriarchal ideologues view women as vessels who may be sacrificed upon the altar of mandatory motherhood.

Don’t let narrow-minded theocrats destroy our rights, our lives, our secular laws, Constitution and nation. The battle for full equality and reproductive liberty will never be won until the root cause of the denial of those rights — religion and its control over our government — is ended.
