Justin Griffith
Rock Beyond Belief

Dear Mr. Griffith:

I have reviewed your request for installation support of the April 2, 2011 "Rock Beyond Belief" event. I have approved the event being conducted as requested, with the exception of the venue. As your planned program consists primarily of speakers and musical performers (who are not chart-makers), the venue for your event will be the Main Post Theater or the York Theater. You should coordinate with the installation action officer listed below to schedule visits to the facilities to help you decide where you would like to hold your event.

As a reminder, all advertising materials should indicate by disclaimer that there is no endorsement by Fort Bragg, the US Army, or Department of Defense. There shall be no fundraising conducted at the event itself, and as you proposed, there will be no cost of admission to the event. Rock Beyond Belief will maintain responsibility for all expenses associated with performers and presenters, transportation, audio/visual support, and meals for associated performers and presenters.

The assigned action officer for installation coordination will be the Directorate of Family and Morale, Welfare and Recreation Operations Officer, Ms. Erica Walker. Ms. Walker can be reached directly by calling (910) 432-1492. Appropriate installation support will be provided as required. All logistics and planning phases should be coordinated through this point of contact.

Sincerely,

A handwritten signature in black ink, reading "Stephen J. Sicinski".
