**Worship on Wednesdays (WOW)**  
**Room 2**  
**9-29-2010**

What is the inside definition of faith? Faith is we know something is going on but we can't see it. We can't always see everything that is going on ...in you heart you know that he is there. In the Bible it says ...What's going on is you are not alone if you have God in your heart. I'm going to play this video and I want you to watch this video and I want you to tell me where [God] sees to find our trouble. (Music Playing) Though I haven't seen you, are you still there? I cry out Lord glory highest I cant feel you by my side but I know you're there and never --- Inaudible music--- (Preacher speaking) Hey, hey, let go, that's sort of a freakish significant thing that when we give our life to Christ, we really surrender; when we do that is all our troubles, I think that's part of sinful struggles that tie us down, things that it says, the bible says that we have to take all the weight off of ourselves. I think that's weighing him down and the more he struggles you know the worse it gets. It says he finally realizes that God is with me and he surrenders and he lets go and he finally realizes that all those struggles fall off and listen to this sad description, it says he regrets, it says keep your lives free from the love of life, greed, things like that. That's what that signifies, money, but it also says to be content with what you have. Don't look at what someone else has, God says never will I leave you, never will I forsake you. When he says I will never forsake you, means he will never send God away from you but you may send God away from you but he will never leave you. We have a choice to make in our lives every day of whether or not we are going to serve him or not. It's a hard decision. My point is that what he will do if you decide to push him away, he will be there, he will help you even if you decide not to let him. He may choose not to protect us but you are never alone, even if you are at home by yourself, no one is around you are doing your homework of computer screen it doesn't know what your doing he knows what you're going to say before something comes out of your mouth. Now last week I did prayer requests. I sent your prayer requests in and I will do that again this week. If you have a prayer request, I will give you a chance to raise your hand. ----(accepting prayer requests)----I want you to close your eyes and bow your heads. Dear Heavenly Father, Jesus and Holy Ghost...(inaudible) ...speak to their hearts dear Jesus that you will be there for the rest of their lives.
