Dear Mr. Steinberg:

This is a response to your letter dated December 20, 2024.

We have conferred with the District's legal counsel to clarify the limitations on a minister's attendance at meetings of the Fellowship of Christian Athletes (FCA). We have informed the FCA leadership that non-school adults may not attend FCA meetings on a regular basis. We have also emphasized that FCA clubs must be student-initiated and the club meetings must be led by students. We are confident that the guidance we have provided the FCA club addresses the constitutional concern you expressed in your letter, while respecting the students' rights under the Equal Access Act.

Thank you for bringing this matter to our attention.

Kurt Stumpf
Superintendent of Schools
